Arrival of the United States Steamer Arago.

The United States transport steamer Arago, Captain H. A. Gadaden, Arrived at six A. M. yesterday, from Port Royal, S. C., bringing advices from that piace to the 28th ult., thus making the run in three days.

The Arago brings sixty-five first and one hundred and forty second class passengers, government stores and the

On the 26th of March firing was plainly heard at Hilton Head, the sound coming from the direction of Charleston, supposed to be an engagement between the Union fleet and the rebel batteries at Stono Iniet.

Since then we eccived into our lines several deserters from the defences at Canston's Biuff and Thunderbolt, who rations of the troops consist only of four ounces of and seven of corn meal. Soldiers on a diet so ot be expected to fight and thrive. In conse facility of the repetition of the rebel troops failing sick, and all are fearing illness. A propic is hem. Starvation stares them in the face. The last the of deserters who came in assert that only for the et that they are kept on inside post duty, the entire

regiment to which they belong would desert.

From what is deemed to be a source entirely treatworthy, I learn that all the women and children have been ordered out of Savannah. They left the city on send yand Tuesday. This measure was induced not more by the fear of an attack than by the inability of the tommanding deneral to subsist his troops while so many son combatants were to be fed.

The iron-calc steamer Keokuk arrived safely last evening She came up the bay under her own steam, making sacelient time. From the character of the vessel, and from the reputation for dash and galantry which her a plain, formmander Rhind, enjoys, we are led to assign the Keokuk an important place on the list of iron clads in this dejartment. Her arrival has brought a good deal of relief to us all, for the weather has not been very projections of late, and there has been some degree of anxiety about her.

General Orders No. If were exempt from the conscription,
are to be drafted into a regiment, to be entitled the Third

performing. The drill and discipline of a military organ
station will keep them in better subjection and make
them more efficient as laborers than they now are. This
draft would have been ordered before, but for the fact
than soldiers detailed for extra duty have received an
extra allowance of forty cents per day. The recent Congrees having repeaked this regulation, the objection is removed, and all the darkies must "come in out of the
draft."

Important to Gue Consumers, SUPERME COURT—GENERAL TERM. To Hon. Judges Sutherland, Ingraham and Cle

Before Hon, Judges Sutherland, Ingraham and Clerke.
The Mankation Gas Light Company, Appellants, ex.
Obarles Ely, Respondent.—By the Court, Sutherland (P.
J.)—This action was brought to recover the sum of \$5.78 58 for gas supplied one H. S. Crocker, from the 20th January,
1860, to the 18th of February, 1860, and for rent of meter
during that time. The action was brought against the
defendant as surety. The complaint alleges that Crocker
applied to the plaintiffs to be supplied with gaslight and
meter, and that Charles Ely became and was surety for
the payment by the said H. S. Crocker for all sums which
might be due and owing by him for gaslight and meter the payment by the said H. S. Crecker for all sums which might be due and ewing by him for gaslight and meter furnished pursuant thereto. The answer insists upon the statute of frauds as a defence to the action, and as a further defence, denies that the plaintiffs, from the 20th day of January, 1850, to the 18th day of February, 1850, supplied the said Crocker with the quantity of gas mentioned, or with any gas whatever, or with any meter, as in complaint stated. And the defendant alleges in the answer that the plaintiffs did not supply Crocker with any gas after the 8th day of June, 1859; that before the date last aforesaid Crocker ceased to be proprietor of the Gramercy Park Hotel, and that since that time the gas had been furnished to C. W. Woodhull, who then became the proprietor of the betel. It appeared on the trial before the referee, and the referee found as matters of fact, that Crocker paid for all the gas furnished for the Gramercy Park House from the time of the execution of the written instrument mentioned in the complaint, to the month of June, 1859; that in June, 1859. Crocker ceased to be the occupant and landlord of said house, when Charles W. Woodhull succeeded him. On these facts the referee came to the conclusion that the defendant was not liable for the gas claimed in the complaint, assuming the legal validity of the defendants agreement as sot for hin the complaint.

The judgment of the referee affirmed.
